ANNUAL REPORT
OF THE
TRUSTEES
OF THE
NEW YORK SOCIETY LIBRARY,
FOR THE YEAR ENDING MARCH 31, 1869.

IN compliance with the ordinance of this Corporation, which requires that the Trustees shall present to the members of this Society, at their annual meeting, a report on the affairs and state of the institution,

The Trustees submit the following Report:

The fiscal year of the Corporation of the New York Society Library, since the date of their last year's Report, has not been marked by any incident of special interest, but the Institution has continued to pursue its customary, and, as we trust, its useful course. It has, however, received no such donations or bequests as have been mentioned with gratitude in the reports of former years.

The increase of the annual dues authorized by an act of the Legislature in 1866, commensurate in some degree with the general rise in prices, and especially of most articles required for the use of this Institution, and the consequent necessity of adding to the salaries at that time, has enabled the Trustees to furnish most of the new publications demanded by the shareholders and subscribers, as well as to keep up a regular supply of the magazines, reviews, and newspapers, foreign and domestic, required for the Reading-Room. These last, after their novelty has passed, are bound and transferred from the Reading-Room to the Library above, which now contains a great number of these periodical works in regular series. The Trustees cannot but regret, however, that their limited income has not allowed the purchase of many recent costly works of science, learning, and art, published within the last few

years, which have been inquired for by shareholders and visitors for purposes of consultation or study. Still the gradual accumulation of many years has formed a collection of more than sixty thousand volumes, many of them the best works of their class in science and letters.

The lots, and the substantial and spacious brick building on University place, occupied by the Library for its various uses, are not now in such immediate demand as to give hopes of a sale at such a price as might authorize an advantageous removal. This expectation was stated in last year's report, but a temporary check has been given to purchases in this street, though there is no actual cause for any decline in the value of lots. Nevertheless, the immediate neighborhood above, in Union Square and Fourteenth street, now used for various profitable purposes, gives the assurance that the whole of the street on which the Library Building is situated, will be very soon required for purposes of business at large prices.

The lots and building held by the Library in fee remain wholly unencumbered by any permanent debts. The current bills and charges for ordinary expenses have also been paid to the end of the fiscal year, so that the Institution has no floating debt whatever.

During the past year some improvements have been made in the building, adding much to its convenience and comfort, though at small expense.

Continual inquiries are made for a new catalogue, or at least for an additional catalogue of the books added since 1850, being more than a third of the whole number on the shelves. The materials have been partially completed by the Librarian, and it is trusted that the means will not be wanting, either from subscription or otherwise, to put the Catalogue to press at an early period.

The following is a statement of the number of volumes added during the year now ending :

Number of volumes added by purchase	833
“ “ “ donation	173
“ “ “ binding 123
<hr/>	
Total number added 1,139
Number of pamphlets added 151

	\$8,497 68

Leaving a balance in bank, as per Treasurer's Report. \$927 41

During the last summer the sum of \$221 00 was paid for the assessment laid for the extension of Church street. The sum is not large, but as the assessments on several churches, schools, and establishments of religion or learning, have been substantially remitted by the City Corporation, by donations to the amounts severally paid by such institutions, it is respectfully submitted that a similar donation should be made to the amount of the assessment paid by the New York Society Library.
