ANNUAL REPORT

OF THE

Trustees of the New York Society Library

The Trustees of the New York Society Library respectfully submit to the shareholders the following statement of its condition for the year ending March 31, 1903.

The report of the Treasurer, presented herewith, shows that the receipts from all sources have amounted during the year to \$127,813.60 and the disbursements of all kinds to \$99,285.77. Of the receipts \$111,661.08 should be credited to capital and \$12,746.19 to income, irrespective of the income of the Green Fund, which amounted to \$2,906.33. The Treasurer received from Isaac A. Hopper & Son the sum of \$500 which he holds as security for the restoration of the gate, pillar, flagging, etc., removed by them in the construction of the building adjoining the Library on the north.

Included in the receipts is an item of \$103,000, that being the sum for which the Library's property Nos. 194-198 Park Row was sold and conveyed. A purchase money mortgage of \$78,000 was left upon the property and the balance of \$25,000 was paid in cash. This property was taken in at foreclosure sale many years ago for \$65,179.84 and upon the recent sale thereof a gain of \$37,820.16 was realised.

During the year the Trustees have invested \$87,500, including the above mentioned mortgage of \$78,000 and \$843.21

of income. They have expended \$9,886.32 of the income of the General Fund of the Library, and \$1,899.45 of the income of the Green Fund; and the Treasurer has now on hand, as his report shows, of capital \$25,004.29, of income of the General Fund \$2,016.66, of income of the Green Fund \$1,006.88 and also the deposit of Isaac A. Hopper & Son above referred to.

The capital of the Green Fund, amounting to \$50,000, is now invested as follows: \$29,000 in the bond and mortgage of William Wetterer covering property No. 1481 Fifth Avenue and \$21,000 in the bond and mortgage of Frank Lugar covering property No. 71 Lenox Avenue.

The Trustees have received \$5,581.79 as the final payment from the bequest of the late Charles H. Contoit, making the total amount received \$142,586.68.

The total number of visitors to the Library during the year was 19,516 of whom 8,301 were men. The total circulation of volumes was 27,995. There were sent by mail and express 421 packages of books into the country. During the year our messengers carried 9,764 books, visiting 2127 places. Owing to several changes in our Library staff, the statistics probably fall short of the actual use of the Library, but they indicate an increase in the use of the Library by men.

The almost universal introduction of telephones into private houses and apartments has produced necessary changes in methods of administration. Over one third of the books which circulate are now sent by messengers or by mail and express, in response to telephone messages or letters, thus many of our members have such books as they wish to read brought to their door.

The number of our yearly subscribers has considerably increased. The Society Library offers to each of its members all the advantages of a private library and books new or old may be had immediately.

As the members are persons of culture and refinement, the Library Committee is guided in its selections of new books, as far as possible by the expressed wishes of the members.

Last Fall invitations were sent to the prominent Art

Schools of the city, offering the facilities of the Green Alcoves to the students and many having availed themselves of the opportunity, double the usual attendance has resulted.

The Trustees are gratified to report numerous valuable gifts of books during the year. From Mrs. John Romeyn Brodhead were received 850 volumes, being the library of the late Mr. Brodhead. It is rich in historical works, rare Americana, sets of proceedings and collections of historical societies and works in the Dutch language, relating to Holland and America.

Three unique little volumes have been received from Mrs. John King Van Rensselaer, consisting of newspaper notices of marriages and deaths of a number of New York families, covering the period between the years of 1838 and 1870. A carefully prepared index, both of maiden and married names, gives the volumes additional value. To one interested in the history of New York families these volumes are of great importance.

From Mr. Beverly Chew, as a gift, were received Dobson's William Hogarth and Rembrandt's Original Drawings in two volumes, valuable additions to the collection on the fine arts. A facsimile of the "Codex Venetus Marcianus 474" of the Comedies of Aristophanes was presented by Mr. Frederic J de Peyster.

Many valuable and expensive works on art subjects were purchased abroad during the Summer, by the chairman of the Library Committee. Among them may be mentioned, "Frankau's John Raphael Smith," which was published in a limited edition and entirely sold before publication; five volumes of the Durer Society Publications; Armstrong's Sir Henry Raeburn; Heaton's Furniture and Decoration in England during the 18th century in four volumes, sumptuously bound in full morocco, gilt tooled. At auction was purchased "La Collection Spitzer," a magnificent work in six volumes containing 348 colored plates, covering works of art.

As a result of appropriating two alcoves, one for the Brodhead collection and one for the Fine Art collection of books, it was found necessary to place additional shelving in the old reading room, to which all the government documents

have been transferred, which is a very satisfactory arrangement. Books of travel which had been piled on the floor, in the top of the building for nearly a year, are now shelved on the second floor and are of convenient access.

Several gifts similar to that of Mr. Contoit, are needed to enable the Library to move to a more central and convenient location and erect a suitable building and the Trustees express the hope that at the celebration of its one hundred and fiftieth anniversary in 1904, the necessary funds will be provided.

Respectfully,

EDWARD KING,

Chairman.
